Dear Dr. Hsu:

Thank you for providing your medical services to our client, Ms. Li. The professional manner in which our client's medical reports were prepared helped us enormously during settlement negotiations. I highly recommend your services to any attorney because of your depth of knowledge regarding your expertise and your ability to give accurate and valuable consultation on how to proceed with our legal matters, from a medical standpoint. Further, I have great confidence in your ability to be a great trial witness if needed to testify to your medical opinions and solidify the findings in your medical reports.

It is always a pleasure working with your office. We look forward to working with you on future endeavors.

Respectfully yours,

L. Aaron Lee, Esq.
